

ATC Tower Talk

A new Control Tower will be commissioned soon at State College. Lancaster Air Traffic Controller, Al Hubler, who is also a CFI, will give you a view from both sides of the mike. Come ensure you're familiar with Non-Movement Areas, the New "Line Up and Wait" terminology, detailed taxi instructions and so much more! Al also includes what he calls the "Funny Side of ATC". This is a good time to review, refresh and get prepared for the new Tower at University Park Airport.

Directions: Penn State Corporate Hangar - Past the GA terminal on Fox Hill Road

A message from the National FAASTeam Manager

The new WINGS–Pilot Proficiency Program is great! Check it out now!

Sign up for the FAA's safety services at www.FAASafety.gov!
